### [This Beautiful Fantastic](#)

It's not just the television's bad news  
The warnings, problems, negative views,  
It's what with your friends goes wrong  
People you've known for so long  
That can create some worry and doubt  
And fear what these times are about.  
Then I saw the *Beautiful Fantastic* movie  
And that made me feel quite groovy.  
It cheered me on, uplifted me  
And just as they are, I wanted things to be.  
It gave me perspective, positive views  
And helped me to ignore the news.

See you all at the flicks!
